SEMEN SHIPPING

Please read the below before booking a shipping with us:

Before booking a shipping with us please ensure you contact the relevant custom office for your Country. Some Countries do NOT allow animal specimens in so it is your responsibility to ensure all correct documentation is supplied.

If we send the shipment and your customs do not allow the semen in / return it to us. You are liable for the shipping costs + any tax charges we incur as a result. The stud fee will however be refunded.

- We use DHL for EU Countries
- We use Fedex for USA / Canada
- Unless bulk buying (10+) we do not send frozen semen to Australia or equally distant Countries
- Deposit is due to lock in the stud
- Full payment due before the shipment is placed

***If you have any concerns regarding the health of your dog or puppies please call Essex Vets or a vet of your choice immediately**

SEMEN SHIPPING

Please ensure the DNA and colours carried by the stud being used are understood - The expected colours of the litter are not guaranteed and Triple Aces Canine Fertility Clinic are in no way accountable

Artificial Insemination is to be carried out on receipt of chilled semen, following correct wake up process

- We rely on you to carry out progesterone testing on the bitch before insemination to ensure optimum timing
 - Should the bitch not become pregnant we will offer a free re-mating on condition that:
 - Proof of microchip no. is provided during insemination (10 second video showing microchip no. during process will suffice)
 - Proof of same microchip no. during pregnancy scan
 - Free re-mate on less than 2 pups
- *shipping costs apply*
- We classify 2 or more puppies as a litter

***If you have any concerns regarding the health of your dog or puppies please call Essex Vets or a vet of your choice immediately**
